**FOR FISH CLEANING.****Inventor of Famous Iron Chink To Visit This Coast.**

E. A. Smith, inventor of the Iron Chink fish cleaning machine, has left Seattle on an extended tour of observation through the Gulf States and along the Atlantic seaboard. He will make extensive inquiries as to the possibility of utilizing the Iron Chink on all kinds of ocean fish and will be away for about six weeks in all. Mr. Smith will closely investigate the New England and Canadian fisheries, with a view to locating every source of supply that may be adapted to the purpose that he has in view—the more rapid and improved mechanical cleaning of fish at the primary points of production.

**IS NAMED CLINTONIA.****Nova Scotia's Finest Fishing Vessel Launched at Lunenburg.**

At Lunenburg, N. S., last week a fine new schooner named Clintonia, was launched from the shipyard of Smith & Rhuland, the craft being owned by W. C. Smith of that town.

The Clintonia is said to be the finest fishing vessel owned in Canada, as well as the only one of her type. She was designed by T. M. McMannus of Boston, and named after Gloucester's famous craft owned by Orlando Merchant. Her dimensions are 125 feet over all, 103 feet water line, 25 feet 8 inches beam, and 11 feet 6 inches hold.

The vessel was built under the most rigid inspection and specifications, and all those who have seen her agree that she is their crowning efforts.

This new craft, which cost \$11,000, will be fitted for the general fishing under command of Capt. Emiel Mack.

W. C. Smith & Co., have also placed another order for a new vessel of the same dimension which will be ready in June.
